CO-ORDINATOR MONTHLY REPORT

Computer:

In our free training computer centre 15 students were attending the classes. Due to heavy rain few children's were not able to attend the classes daily. Others attend daily at the end of this month the first batch will be completed. All these students were able to operate and work in computer individually. During next summer they ready to continue further courses in computer.

Tailoring:

In free tailoring center students were able to stitch individually hand kerchief, petticoat, frauk, chudithar etc. for these students the classes were conducting without failure, most of them cannot attend regularly because of heavy rain in our village.

Biogas:

We had completed three biogas plants in our village remaining two plants will be implemented within two months due to heavy rain in our village we are delay in further process.

Goat:

We provided 6 goats for the tribal people remaining 9 goats will be provided within few months due to heavy rain we are in delay it will be continued shortly.

Children's Club:

We visited one of the Tribal children's clubs at Padachery village all the students activities were running smooth.

Success Story:

In our village named Mica Minse a wooden electricity post was replaced with concrete post within few hours with effort of “koodu”. That is can catch by little school children's and many family are surrounding it many get shocked by it. It is at low height. It is a satisfied and encouraged by many of that village people and thanked “koodu” very much.

By K.J Sunny, Koodu.
