7	Govt. middle school, Mankarai	8,20,28	11.30 am 1.00pm	Discussion with H.M, Teachers & students, Special training to conduct exams and discussion about herbal care

Report:

Our aims teachers were working well in our schools regularly. Our all teachers had conducted special evening study classes in their schools to make ready the students to attend the annual examinations without any fear. I have visited these school 22 times in this month and I have conducted special discussion named Save & Care our Herbals in my first visiting of our all schools. The discussion

about Ginger was going on well in our all classes. We discussed about the usages of Ginger and its medical uses. In my second & third visit I could not conduct any discussion with students, because they were under going their annual examination after 09/04/2009. So I discussed with our teachers & Head masters of these schools. They appreciated our work because they found that our students educational skill was improved .And also they said that our teacher were very sincere in their work. Summer holidays starts from 01/05/2009. In summer holidays our teacher will work to increase the student's strength, find out the dropout students and help them to continue their education. Our school head master's thanking letters are attached with this report.
