.

Report:

Our aims teachers were working well in our schools regularly. Our all teachers take special care to improve educational skills for poor students in their schools. Our teachers (**T.Pushba bai & M.Josephin punitha**) have conducted evening study classes in their school as usually. I have visited these school 23 times in this month and I have conducted special discussion about Punctuality and Neatness on my first visit. And I discussed with students to know about their education, their family and their parents in my second visit. In my third visit I have conducted special Swine flu awareness program to making awareness. Mr. Joseph had sent more information to conduct the program very well. Really we thanked him for his help. I had attended the Independence day celebration in Mankarai Government middle school & Government girls middle school, colachel..And I spoke a little about our freedom struggle, freedom fighters & patriotism in the celebration. And I talked about swine flu .I talked with our teachers to take care of children, if they find any symptoms of swine flu. And I gave them the details about government hospitals. We could not panic by just

listening to the name of Swine Flu. Instead, try to spread the awareness faster than the Flu. Prevention is always better than Cure .We are preparing a notice to making swine flu awareness.
