

# **Aims India**

## **SCHOOL TEACHING ASSISTANCE PROJECT**

### **Monthly Report**

**Project no: 2**

**Reporting month: January**

**Reporting date: 09/01/2010**

**PROJECT TITLE: Aims School Teaching Assistance Project**

### **Report:**

AIMS teachers are taking special care to improve educational skills for poor students in their schools as regularly. T. Pushba bai and M. Josephin punitha are conducting evening study classes in their schools as usually.

We (Mr.Deejo & I) had conducted the monthly planning meeting in my home on 01/01/2010 at 10.am.In this day we have planned to conduct training continuously about **Ecology & Environmental science.**

Based upon our planning, in my first visit of this month I gave a lecture to the students on **Ecology. The training subjects are listed below**

- 1. The Earth (Planet)**
- 2. Distance between earth and sun (149,600,000 km))**
- 3. Mass of earth (5.972e24 kg)**
- 4. Diameter of earth 12,756.3 km**
- 5. Orbit of earth**
- 6. Natural satellite of earth (Moon)**

More of 286 students were attending in the training in their school (Average 40 stunts in a school). Now they know about earth. We will continue our work in our school.

On my second visit our students were preparing to attend the half yearly examinations. So I gave some ideas to get high marks & attend the exams without any fear. The half yearly examinations started from 18/12/2009 to 24/12/2009. After the half yearly examination our schools reopened on 04/01/2010. So I could not enter in any schools on those days. So I attended some New Year program with Mr. Deejo, which was conducted by Aims S D C.
