Report:

Our work is going on well in our all centers. Our teachers are working well and also they are keeping punctuality in their centers. We had discussed with our teachers about annual examination, how to make them ready to conduct the examination without any fear, and how to apply the easy teaching method in our all centers. As usually we had conducted G.K training & special discussion about any good subject to develop our students I.Q (Intelligent quotient) skills on every visiting .But we stopped it. Because we have planed make our

students ready to prepare for annual examination. We have taught some subjects which is important for the students. (Mathematics, science and English). We have taken special care for the poor students. We have met them in private to know their problem to find out the solution.
