Report:

AIMS teachers are taking special care to improve educational skills for poor students in their Center as regularly. Children's day is celebrated in India on the 14th of November, the birthday of India's first Prime Minister, [Jawaharlal Nehru](#), as a tribute to his love of children. He was very fond of children and believed that children are the future of the nation. 14th is a Saturday. Saturday is a regular weakly holydays for the schools. So, all centers conducted the children's day celebration in their suitable dates. I participated in all our target schools children's day programs. And I conducted the quiz competition and gave gifts for the winners.
