Report:

Our work is going on well in all centers. Our teachers are working well and also they are keeping punctuality in their centers. I had conducted G.K training & special discussion about swine flu virus and discussed about Independence Day and the history of freedom. I advised the teachers to take special guideline and care for the children who have symptoms of swine flu if they have. I gave them the details about the government hospital too. Whenever I visit the centers I interact with students to understanding their education level. The Independence Day celebration was conducted simply in our centers.
