Report:

We have planed (Azath & me) to conduct a special discussion about Chandrayan moon machine in our all centers & schools on 1-10-2008 .Because the students asked about the launching vehicle, satellite and it's uses.

Some students in our all centers are not attending the class regularly. So we discussed about Punctuality, the need of education & the importance of time.

Our work is going on well in our all centers. Our teachers are working well and also they are keeping punctuality in their centers. Because of the quarterly ,Puja and Deepawali holidays ,our teachers conducted only 21 classes in this month. We have planed to conduct a review meeting on November (may be second week).I will send quarterly examination result of our all centers & the details of villages (Where the centers situated)as soon as possible.
